Elliott Thompson Limited, United Kingdom, 2015. Hardback. Condition: New. Language: English . Brand New Book. More than 70 years ago I was a gift for Adolf Hitler. I was stolen as a baby to be part of one of the most terrible of all Nazi experiments: Lebensborn. The Lebensborn programme was the brainchild of Himmler: an extraordinary plan to create an Aryan master race, leaving behind thousands of displaced victims in the wake of the Nazi regime. In 1942 Erika, a baby girl from Sauerbrunn in Yugoslavia, was taken for a medical examination by the Nazi occupiers. Declared an Aryan , she was removed from her mother and held in a children s home; her true identity erased, she became Ingrid von Oelhafen. Later, as Ingrid began to uncover her true identity, the full scale of the Lebensborn scheme and the Nazi obsession with bloodlines became clear - including the kidnapping of up to half a million babies like her, and the deliberate murder of children born into the programme who were deemed substandard . Written with insight and compassion, this is a powerful meditation on the personal legacy of Hitler s vision, of Germany s brutal past and of a divided Europe that for many years struggled to come to terms with its own history.If you would like to listen to the authors talk on their book, they are making the following radio appearances: BBC Radio 4 Midweek (broadcast on the 20 May) BBC Radio Wales - Roy Noble Show (broascast on the 24 May) BBC Radio Scotland - Culture Cafe (broadcast on the 19 May) BBC Radio Berkshire - Paul Ross Show (broadcast on the 20 May) Radio Gorgeous (yet to be scheduled).
