Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Round the World With the Poets: Selected and Arranged The design of this little book is to advance, in some degree, that more real and interesting study of geography, now rapidly gaining favor everywhere. No longer satisfied with the brief definitions of the school geography, the teacher culls from illustrated books of travel, brilliant narratives of discovery, descriptive poetry, and many other sources, such selections as will attract the young pupil and inspire a more intelligent interest in the study of Nature. The words of some nonsense rhyme, caught on the playground, are remembered long after much studied definitions are forgotten. This natural love of rhythm is a strong argument (if any were needed) in favor of the larger use of poetry in the schoolroom, - both because of its refining influence and as a practical aid in acquiring and retaining valuable information.
