Jenuine Healing, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. There is a tragedy that plays out in this world of human interactions. It is that lack of regard and acknowledgement of the wisest beings on earth. Trees have stood watch as sentinels through history for the ignorance and follies of man. The trees hold the mysteries of history of the planet. They are eager to share with all who will listen. Not only do they exchange our discarded breath for fresh oxygen, they take all the stagnant energy of our anguish and convert it back into clarity and calm. This is another one of their unacknowledged gifts to us. Ask a tree any question. It will answer while asking nothing in return. Trees are living examples of unconditional love.
