## Framed Perspective Vol. 1: Technical Perspective and Visual Storytelling (Paperback)

By Marcos Mateu-Mestre

Design Studio Press, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. Perspective is a discipline often set aside when it comes to general art study, though it is essential to master in order to produce any piece of art that is and feels realistic. Framed Perspective 1 equips artists with the technical knowledge needed to produce successful visual storytelling-related drawings: from understanding the basics of the space around us and how we perceive it, all the way to more sophisticated endeavors, like creating entire locations that will become the believable set ups our characters and stories will happen within. As intimidating as perspective may seem, best-selling author and artist Marcos Mateu-Mestre delivers each lesson in an accessible and informative way that takes the mystery out of achieving successful scenes. The book includes extensive step-by-step practical explanations of how to build objects and environments of all sorts, taking that first sketch to a fully rendered artwork with many of his finished illustrations as examples. Sure to be the most popular book in your art library, it will train you to see the world in a way that allows you to enjoy every curve and slope you see...
